JOIN OUR LOCAL WORKSHOPS & INTERNATIONAL FINAL CONFERENCE!I

The EDU-AI project invites you to take part in our free local workshops and international final conference — designed to equip you with practical AI knowledge, ready-to-use tools, and inspiring ideas for digital transformation in vocational education.

WHAT'S IN IT FOR YOU?

✅ Hands-on experience with the EDU-AI digital toolkit, including 60 micro-learning modules across 3 levels
✅ Practical activities and templates you can directly apply in your classroom

✅ Peer exchange with fellow educators across sectors
✅ A certificate of participation

✅ Access to an AI educator network via our private Facebook group
✅ Join a Europe-wide initiative supporting inclusive, digital VET

LOCAL WORKSHOPS

Our partners will host **on-site training sessions** in their respective countries. Each workshop is designed for VET teachers, trainers, and school staff looking to start or advance their AI journey.

Dates: Between February - May, 2025
